## SVS200SC2 Square Camera

### Product Information

The SVS200SC2 introduces a new evolution of the SVS200SC Camera giving an alternative choice while continuing with our standard IP69K ingress protection and 100G Shock and 10G Impact rating to keep this range ahead of the rest. All tested in the certified lab to ensure continued compliance makes this a great all round camera to suit any application. Using 900TVL Exmor (STARVMOS) Sensor 1/3" image sensor provides a High End image quality that can handle our our Australian conditions. These are simply the best you can get
